Volunteering in Hungary

INFOPACK

SIX MONTHS VOLUNTEERING

Dear future volunteer,

Through the following pages we have gathered the information you need about your EVS project and about your stay in our lovely village, Nagyvázsony.

Welcome to Hungary and have a great time with us at the Fekete Sereg Youth Association.

Information about Fekete Sereg Ifjúsági Egyesület

Fekete Sereg was founded in 1997 and it is a youth association. The goal of the association is to assure that the youngsters in our village Nagyvázsony spend their free time with useful activities. We want to help the young people who are struggling and support the initiations of the community in the village. Our youth center has been running since 1999.

The association has been working with the EVS program since 2005. In addition, it helps to create an exchange between volunteers and villagers. You may be invited to participate in village events such as village elder party or Carnival for example.

Information about the village Nagyvázsony

In the west of the beautiful Lake Balaton you'll find the village Nagyvázsony (pronounced like Nodjvashon) where approximately 1800 inhabitants live. It has a primary school, a kindergarden, three litte supermarkets, a bank, a post office, a café, some hotels, a small gym, our youth centre and a lot more. Besides, Nagyvázsony is famous for it's castle from the middle age which is why tourists visit Nagyvázsony as well.

Information about your work

During your stay you can work on different topics:

Kindergarden work

Between March and the end of June you can work in the kindergarden of Nagyvázsony called *Mesevár óvoda és bölcsőde*. There are five groups in the kindergarden and in each group are two teachers. Your task is to help them within the daily life e.g. while dressing and undressing, play games, sing songs, dance, sportive activities, paint, make decorations etc.

Media work

If you would like to improve your media skills for example in filming, cutting videos and photography we are happy to give you the possibility to work in this field. Just to give you some ideas, you can make videos about our association, our work, our village... There is no limit to your imagination!

Handcraft work

Are you handy by the house and like handmade work? In summer when the weather is sunny there are a lot of things to do in the village, for example repaint the benches or repair some fences. Besides, you can help the local tennis club to paint the wooden bridge or the school to keep their playground in good condition. We are also happy about your own ideas and projects.

Indoor activities

In autumn and winter it's time for indoor activities. In cooperation with the local school, you could organize some handcraft activities for the children in the afternoon for example arts, crafts, music and games. In addition, this possibility is also in your youth centre.

Preparation work

In June and December we usually host ten short term volunteers from France, Romania, Latvia, Spain, Poland, Portugal, Estonia, Latvia and Italy for three weeks. Before their arrival you can help us with the preparation and during their stay you can join them in Do-it-yourself and art workshops or make photos and videos.
