## Background information about *Fekete Sereg Ifjúsági Egyesület*

---

Fekete Sereg was founded in 1997 and it is a youth association. The goal of the association is to assure that the youngsters in our village Nagyvázsony spend their free time with useful activities. We want to help the young people who are struggling and support the initiations of the community in the village. Our youth center has been running since 1999.

The association has been working with the EVS program since 2005. So far we sent and received a lot of volunteers.
